County Residential Sewage Handling Technologies

THAT Administration report to Council on the following:

- New technologies for Country Residential Sewage handling;
- Expected technological advancements in the near future for decentralized wastewater treatment;
- Cost comparisons, performance efficiencies and expected environmental benefits of decentralized vs centralized wastewater treatment;
- Estimated lifecycle cost to utility ratepayers of decentralized vs centralized treatment options for Country Residential development;
- Impacts of potential future regulatory requirements on methodology of treatment, not limited to but including ground water quality and effluent quality standards;
- Estimate of capital cost per average new county residential lot;
- Where does the environmental liability and enforcement of water quality standards lie;
- Recommendation regarding the MDP requirement for the connection of new Country Residential developments to Strathcona County's wastewater system when considering the above analysis.
