127	SMITH Paul	Pest Control	Information	2017-04-04	2017-04-18	TAS		Please provide the current plan for pest control throughout the County's facilities.	2017-04-21	Facility Services has pest control as part of our Facility Hygiene Program, or the Priority Based Budget program #9082. Under this program Facility Services contracts with a pest control company that provides the required treatment, including traps and bate stations within our facilities when evidence of pests in an area are found. Through the pest control, routine inspections and treatment are done based on the level of control required. For 2017, mice specifically have been numerous in the region. This has created a greater presence of mice in and around our facilities, predominantly in the rural areas. For the community halls, until January of this year, the pest control was the responsibility of the hall operators under their license agreement. With Council's approval of the 2017 budget, Facility Services has commenced the maintenance for these halls and have started treating for pests based on the users feedback or our observed conditions. One specific rural hall that did call with a concern was the Brookeville Community Hall. This hall had a treatment program established within two days of the concern being raised to the department. All of the County's buildings under the care of Facility Services are being checked under a monthly inspection routine.	Complete
128	HOWATT Carla	Public Vaping	Information	2017-04-11	2017-04-25	LLS		Please provide information on County policies or bylaws regarding public vaping	2017-04-24	Strathcona County does not have any policies or bylaws that regulate vaping.	Complete
129	CARR Roxanne	Council / Priorities Committee Webcast	Information	2017-04-11	2017-04-25	FAS	LLS	Please provide facts on the consistency and schedule of the Council and Priorities Committee webcast.	2017-04-24	The webcast for both Council and Priorities Committee meetings are streamed live during the meetings. Once a meeting has concluded, administration tags the webcast for ease of use and publishes the webcast on the public website within 2 business days following the meeting. The consistency with which this standard is met is quite high (approximately 95% of the time), but there are occasional technical issues that may cause a delay. Webcasts are retained on the County's public website for five (5) years. Delays are indeed quite rare since we do have a redundant recording to help mitigate technical issues. If any member of the public has questions or concerns regarding the webcast, the Legislative and Legal Services department is available to assist them. Contact information is featured on the webpage that houses the webcasts.	Complete
130	DELAINEY Linton	Bremner Query	Information	2017-04-25	2017-05-11	IPS		Referencing page 26 of the "DRAFT Bremner Growth Management Strategy", please answer the following: 1. Is \$491,000,000 the amount of long-term debt that can be added to our current long-term of \$166,100,000 for a total of \$657,100,000? 2. If \$657,100,000 is not the projected long term debt for Bremner Off-site road costs, what is projected to be when the ACP is completed and presented to the next Council in approximately 18 months? Referencing page 31 of "Bremner & Colchester: FIA of Recommended Community Design Concepts – FINAL REPORT" please answer the following: 1. Who prepared page 31? 2. Why was it authorized to be prepared? 3. Was page 31 presented to Council? If so, when? 4. Did Council approve its acceptance of page 31? If so, when? 5. Does Council have legal agreements of acceptance with developers and the Government of Alberta for the Bremner off-site roads costs? 6. Have the residents been told the County's share of off-site road costs for Bremner will be \$0 dollars? 7. What is the estimated long-term debt costs Council is using to inform tax payers of their expected liabilities for the future cost of Bremner?
