134	BIDZINSKI Victor	Residential Street Cleaning	Information	2017-05-23	2017-06-06	TAS		Please provide information on signage and enforcement of signage for vehicles to be moved before the spring street cleaning.	2017-06-02	<p>Signs for residential street sweeping are placed at neighbourhood entrances a minimum of 24 hours in advance, requesting residents to remove their vehicles from the street.</p> <p>Strathcona County does not currently tag or tow vehicles prior to street sweeping activities. Street sweeping activities are mainly for aesthetic purposes, not for vehicular safety. (The contrast is snow clearing operations which enhance vehicular safety and reduce adverse conditions for resident mobility.) Tag and tow operations would considerably slow down the street sweeping process as it would not allow for operational flexibility. A secondary sweeping is conducted to try to ensure that any debris left under previously parked cars in our initial sweeping phase is picked up.</p> <p>Comparable municipalities within the region: Fort Saskatchewan - no fines/no towing Edmonton - \$50 fine/tow around the corner St Albert – no fine/no towing Spruce Grove - no fine/no towing</p>	Complete
