Dear Mayor and Councillors

Since about 715 Strathcona County residents use our Food Bank each month and we have approximately 140 volunteers, it has been suggested that we have two volunteers per day take a First Aid Course offered by Strathcona County Emergency Services.

Some Strathcona Food Bank volunteers are also Strathcona Christmas Bureau volunteers.

The cost of the two day course would be \$140.00 for each person for a total of \$2,800.00.

As this course would benefit the community and help with safety at large, we are requesting financial help from Councillor Priority Funds. Any help we can get would enable us to achieve our goal.

Thank you for considering our request.

Yours truly,

Strathcona Food Bank Association

Chairman
