# **Bremner Area Project**

Priorities Committee May 15, 2018

ENCLOSURE 1

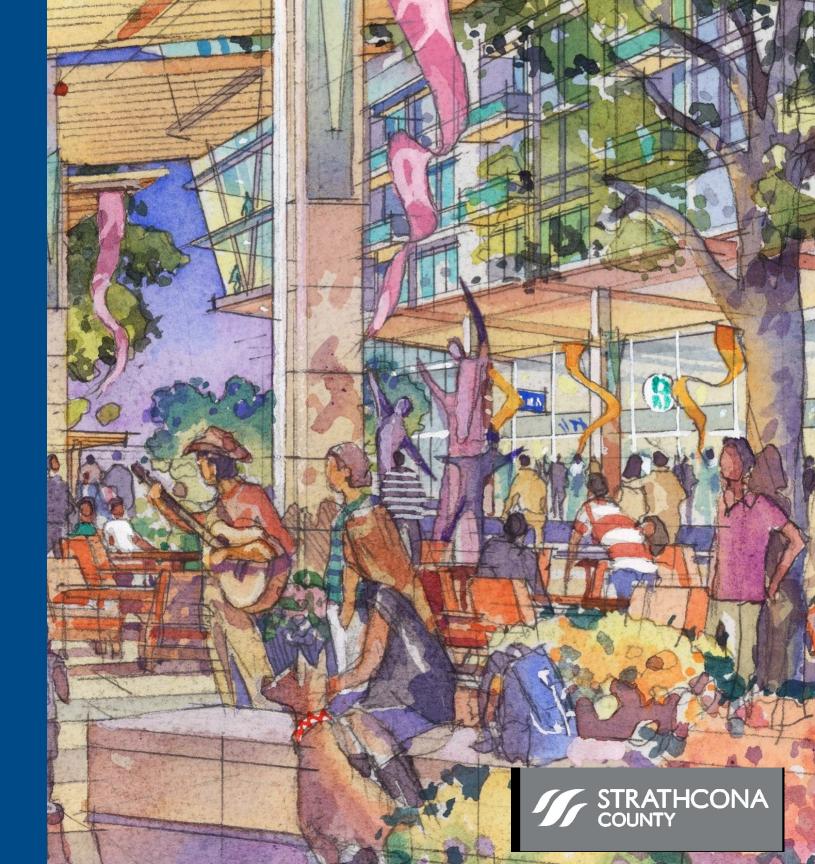

**The Project** 

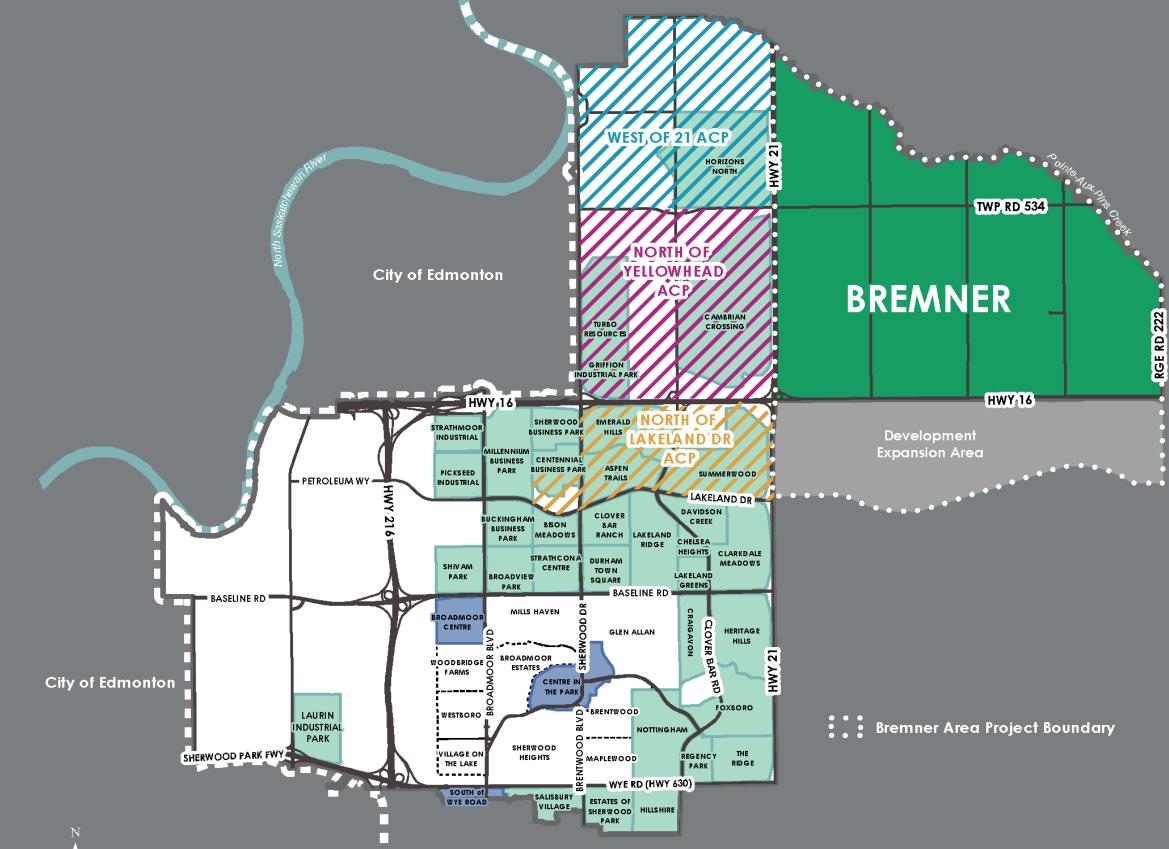

Timeline

Project Objectives

# **Bremner Area Project**

Growth Management Strategy Described and illustrated a vision, community design concept, and set of policy directions intended to guide more detailed planning in Bremner.

Bremner Area Project The Bremner Area Project will be developed through an Area Concept Plan - a statutory plan that provides a planning framework and future land use concept that guides subsequent development plans.

Moving Forward with Bremner Subsequent planning for Bremner will focus on detailed design of smaller neighbourhood areas, through Area Structure Plans, subdivision, rezoning, and development.

# **Bremner Area Project**

Bremner Area Project includes the Local Employment Area (Development Expansion Area / Half Fish)

# Timeline

# **Bremner Area Project Phases**

### Phase 1 Spring 2017

- Background research
- Confirm vision and principles
- Public Open House #1

Phase 2 Summer 2017 -Spring 2018

- Prepare drafts of Area Concept Plan and technical documents
- Public Open House #2

### WE ARE HERE!

**Phase 3** Spring 2018 -Winter 2018

- Finalize Drafts
- Public Open House #3
- Present Draft to Council

# **Project Objectives**

#### **Compact Development**

TODAY

2044

Compact development & efficient infrastructure

### **Complete Communities**

#### **Transportation Choice**

### **Project Objectives – Compact Development Edmonton Metropolitan Region Growth Plan:**

#### **Greenfield Areas**

- "...achieve the minimum greenfield density..."
- "...Provide a mix of land uses in a ulletcompact form..."
- "...incorporate innovative and • sustainable development standards to achieve compact development..."

Communities by Tier	Minimum Greenfield Residential Density <sup>.</sup> (du/nrha)	Aspirational Intensification Target <sup></sup> (% Dwellings to Built- Up Urban Areas)

## **Project Objectives – Compact Development**

#### **ECONOMIC BENEFITS** OF COMPACT DEVELOPMENT

Compact development increases density and keeps dollars in the community by supporting local businesses and employment and the efficient use of infrastructure.

Supports:

9

- housing diversity and higher residential densities
- local businesses in closer proximity to where people live
- less infrastructure per person
- Multi-modal and active  $\bullet$ transportation systems

## **Project Objectives – Complete Communities**

### **Edmonton Metropolitan Region Growth Plan:**

#### **Greenfield Areas**

- "...provide a diversity of housing options in terms of density and built form..."
- "...integrate local services, amenities, institutional and commercial uses within residential development, within buildings and/ or within a five-minute walk (400 metres)..."
- "...a mix of residential and employment uses to support the creation of complete communities..."

### **Project Objectives – Complete Communities**

- offer residents the ability to age in place through an appropriate mix of jobs, local services, and diversity of housing.
- Individuals can select a preferred transportation method from walking, cycling, taking public transportation, or driving.
- Individuals should be able to access their day-to-day needs such as groceries, recreation or child care within their community.

Provides convenient access to housing, employment and services.

Includes a wide range of housing for all ages, incomes and abilities.

Safety Promotes pedestrian and community safety through "eyes on the street".

#### What is a complete community?

Transportation Choice

Increases opportunities for walking,

cycling, driving and public transportation.

#### Housing Diversity

## **Project Objectives – Transportation Choice**

### **Edmonton Metropolitan Region Growth Plan:**

#### **Greenfield Areas**

- "...incorporate an interconnected street network and urban form to support active transportation..."
- "... incorporate an interconnected street network and open space network to support active transportation and transit viability..."
- "...promote multi-modal transportation options including transit and active transportation..."

### **Project Objectives – Transportation Choice**

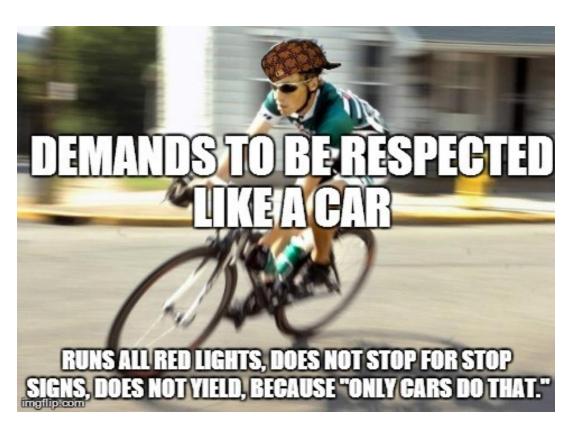

- Streets designed for people of all ages, incomes and abilities to use active forms of transportation such as walking and cycling, safely and comfortably.
- reduced lane widths, planting street trees, allowing on street parking and using traffic calming infrastructure supports efforts to reduce vehicular speeds and increases the safety for those who do not drive, such as older adults and children.

### **Project Objectives – Transportation Choice**

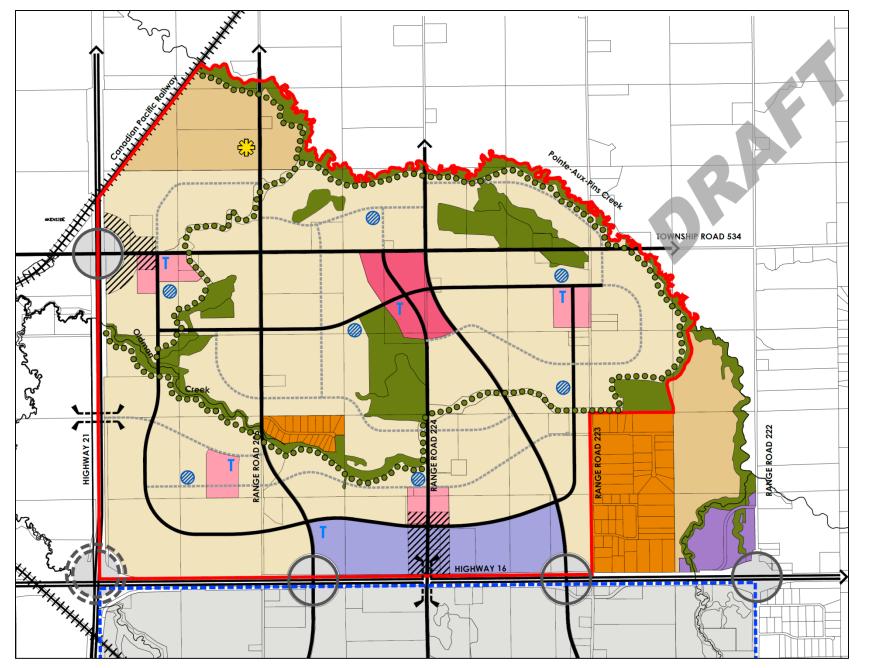

### **Project Status – Draft Concept - Bremner**

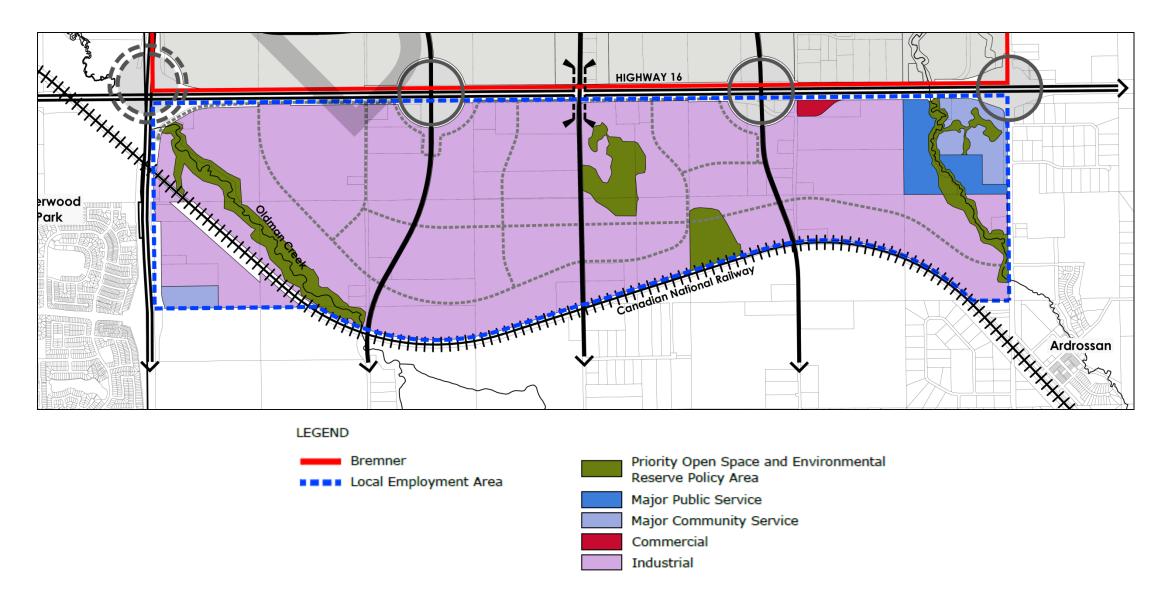

#### \* Interchange locations contingent on Alberta Transportation\*

### Project Status – Draft Concept – Local **Employment Area**

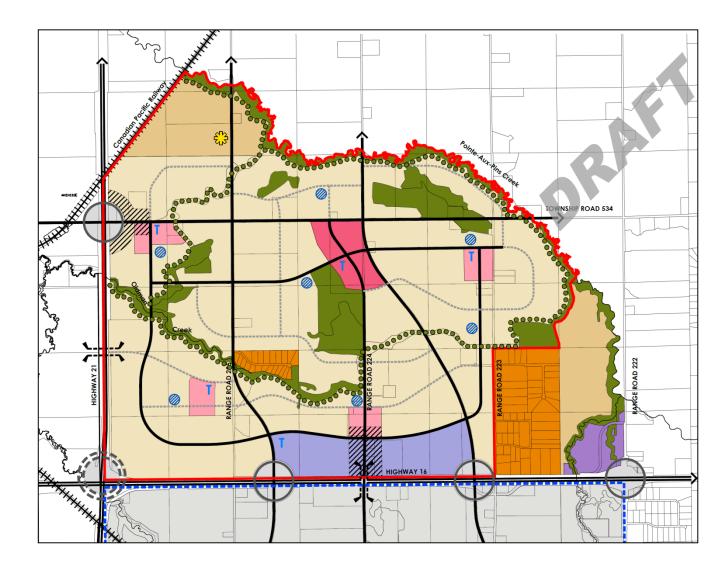

\* Interchange locations are contingent on Alberta Transportation\*

# **Project Status**

- 2<sup>nd</sup> draft of Area Concept Plan and technical document review March/ April 2018
- Ongoing discussions with water and wastewater providers (ie: EPCOR)
- Ongoing discussion with Alberta Transportation regarding Highway16 interchange access
- Ongoing discussions with development industry regarding community design and implementation
- Ongoing input and analysis regarding financial modeling

# **Project Status - Challenges**

"...incorporate innovative and sustainable development standards to achieve compact development..."

- How a new type of community design affects todays standards and what needs to change to achieve the project objectives:
- > example: roadway cross sections
- Determining the impacts the changes to these standards may have:
- > operation and maintenance costs (snow removal)
- > bus / emergency service vehicles
- > traffic flow
- Considerations in the short term (5-10 years) and long term 30 to 40 years

# **Next Steps**

- Draft 3 of Bremner ACP and technical documents June 2018 •
- Public Open Houses June 13<sup>th</sup> and 14<sup>th</sup> 2018 •
- Stakeholders and Internal Technical Committee review of draft 3 summer 2018
- Final drafts, review and 3<sup>rd</sup> round Public Open Houses fall 2018
- **Presentation to Council for consideration winter 2018 (**\*Contingent on government • agency approvals\*)

# Thank you! Questions?
