

Status of Report – Recommendation to improve reduction of textile waste**Report Purpose**

To provide a status update on Council's motion to improve reduction of textile waste in Strathcona County.

Recommendation

THAT the recommendation to improve reduction of textile waste in Strathcona County report be brought back to Council on the revised date of October 30, 2018.

Original Due Date: June 19, 2018

Revised Due Date: October 30, 2018

Council History

September 5, 2017 – Council approved that Administration return in second quarter of 2018 with a recommendation for Council's consideration regarding a standardized textile bin collection program for Strathcona County, along with further exploration of other programs including public engagement and education opportunities.

Rationale

Utilities is focusing on current market conditions that are impacting existing diversion programs and as a result has been unable to complete conversations with local entities that operate in this space.
