

Policies for Rescission

July 3, 2018

Overview

- Strathcona County's administration has been undertaking an extensive review of all policies in the Municipal Policy Handbook.
- Policies that have been reviewed have been appearing on most recent Council Meeting Agendas
- All departments have been working diligently to ensure all policies are current and relevant

Omnibus Report

- To save Council meeting time, and to reduce the number of council reports, Legislative and Legal Services has taken the lead to present an omnibus report containing policies recommended for rescission
- This report only contains policies where the reason for rescission is relatively straightforward

Reasons for Rescission

- “Straightforward” reasons for rescission include:
 - the content of the policy appears in another policy
 - the content of the policy is addressed in a bylaw
 - the program that the policy supports is completed
 - the content of the policy is operational, and appropriately dealt with in an administrative directive
- The reasons that each policy is recommended for rescission are listed in the Council Report
