Brief description of request

Would we like to request some equipment to enhance our playground. The back of the school has no playground equipment and we would like to put in 2 basketball hoops and 2 tether ball poles. This would also allow the community to have access to more equipment geared for our children and youth in our neighbourhood.

RE: Letter of Request and budget for Davidson Creek Elementary

Dear Mr. Tonita and Strathcona County Council:

Davidson Creek is a new school in Sherwood Park that is home to 518 students. As a new school we would appreciate if council would help us with the purchase of playground equipment that we were not able to buy with our school budget.

We would request that council provide two basketball posts and nets and two tetherball posts with detachable balls which would be located behind the school. Currently we have a large tarmac area that could easily accommodate this equipment. This would spread out the play area for the students and would also have play value for community use as well.

The budget for these items are as follows:

2 tetherball posts with detachable ball	\$1218.00
2 basketball posts and nets	<u>\$7780.50</u>
Total (please see attached quotes):	\$8998.50

Thank you for your consideration. I look forward to hearing back from you.

Kind regards,

Kaye Schindeler
