Brief description of request

Colchester Community League runs a number of public events throughout the year in addition to operating the community hall. The League strives to make the events family friendly and inexpensive so that cost is not a barrier to attendance. A number of items that are normally rented for each event have been identified. Acquiring these items will mean the costs of these events can be lowered (we would no longer have to rent these) and in turn cost will be even less of a barrier to attendance.

Dear Linton,

Colchester Community League is a vibrant community league located in rural Strathcona. The League holds a number of events each year (Family Fun Days, Fall Fair and Show and Shine, Xmas in the County) in addition to operating the hall as a venue for family reunions, weddings etc. We run regular programming at the hall (exercise classes, crib league, first aid training, dance and out of school care camps). We strive to hold events that are family friendly and low cost so that there are no economic barriers to attending. We have identified a number of items that would make the events better and make the newly renovated hall even more attractive for use by Strathcona residents. We would appreciate your considering contributing to these items through councilor priority funding.
