

Councillor Request Inquiry # 5-2019

2019

February 26, 2019 Information Request:

Please provide the links to all online survey questionnaires offered to County residents for the calendar year 2017-2018.

As per the information request noted above, attached is the list of public surveys run both in Survey Gizmo and SCOOP. These include two program evaluation questionnaires distributed to program participants.

Please note that links for surveys completed in 2018 surveys are now closed. They are not kept open once the data collection phase is completed; however, it is possible to review the summary results of various topics discussed with residents using different public engagement techniques – including survey tools.

These results can be found on the “public engagement completed consultations” webpage: <https://www.strathcona.ca/council-county/public-engagement/completed-consultations/>.

Thank you.

Carmen Herbers
Director, Communications
