Wye Road Widening Project	Please provide information to explain why the Wye Road Widening Project from The Estates of Sherwood Park to Range Road 231, approved by Council in the 2019 Budget, has not commenced construction.	Transportation Planning & Engineering		Chief Commissioner, Rob Coon's Response: They have run into some challenges because of the gas line (with Atco) that runs along the corridor, so they are trying to work through that process. It is likely that the project will not be fully commenced this year, they'll be doing some of the work, but not all of it because of that delay.	2019-06-11	2019-06-25	2019-06-11	Complete
