Report

Events that took place on and subsequent to November 6, 2018 at the County Hall/Community Centre warranted an impartial examination of the response and recovery to the 2018 parkade incident so that Strathcona County could identify and understand strengths and any areas for improvement.

The "*Strathcona County Parkade Incident After-Action Review: Report*" is the result of an impartial and independent examination of the parkade incident from the date of the incident on November 6, 2018 to return to full operations on May 8, 2019 provided by iStrategic Consulting. The report provides an overview of the process, and details key areas of focus. The report also provides scope, methodology, incident overview, findings and recommendations.

The findings and recommendations contained in the "*Strathcona County Parkade Incident After-Action Review: Report*" provide a comprehensive account of the parkade incident and provide key learnings that can be drawn upon for improvements to Strathcona County's emergency management system.

The Recommendations have been reviewed by Administration and are considered to be accurate and comprehensive and can constructively form the basis of a multi-year improvement plan. In 2020 Administration will provide quarterly reports to Council either through the Emergency Advisory Committee (EAC) or Priorities Committee.
