

**Priorities Committee Meeting\_Sep17\_2019**

---

**STRATEGIC INITIATIVE AND UPDATE****Lakeland Drive Transportation Report****Report Purpose**

To provide Priorities Committee with an update on administration's consultation with the Traffic Safety Advisory Committee regarding Lakeland Drive traffic-flow considerations.

**Our Prioritized Strategic Goals**

Goal 2 - Manage, invest and plan for sustainable municipal infrastructure

Goal 1 - Build strong communities to support the diverse needs of residents

Goal 7 - Provide opportunities for public engagement and communication

**Report**

On November 27, 2019 Council approved "That administration, in consultation with the Traffic Safety Advisory Committee, undertake a traffic review of Lakeland Drive and provide recommendations on improving traffic flow for Council's consideration by the end of the third quarter 2019."

Since that time, administration has prepared the attached Lakeland Drive Transportation Report which outlines the current operation of the Lakeland Drive corridor taking into consideration the engineering review of collisions, traffic operations, traffic signal design, dual left-turn lane analysis, public feedback, and alternative traffic signal design options. The report also outlines improvements completed to date, as well as future recommendations to address identified traffic operation and safety concerns raised by the Traffic Safety Advisory Committee.

At the May 13, 2019 Traffic Safety Advisory Committee (TSAC), administration presented the Lakeland Drive Transportation Report to TSAC. On June 17, 2019 a letter was provided to the County from the TSAC stating that based on the findings of the report, the Committee supports administration in that no further actions are required on Lakeland Drive at this time other than those scheduled for completion in 2019.

Improvements for 2019 include the installation of Rectangular Rapid Flashing Beacons at Lakeland Drive and Axbridge Gate, which are now complete.

Ongoing traffic monitoring and analysis of Lakeland Drive will continue and will be discussed at future TSAC meetings.

**Council and Committee History**

November 27, 2018 That administration, in consultation with the Traffic Safety Advisory Committee, undertake a traffic review of Lakeland Drive and provide recommendations on improving traffic flow for Council's consideration by the end of the third quarter of 2019.
