

**Flagged Items Overview****Report Purpose**

To provide Council with an overview of the flagged items process.

**Recommendation**

None.

**Our Prioritized Strategic Goals**

Continuously improving the way we work, as one organization, in an agile and sustainable manner

**Report**

In order to ensure that Council has the necessary information it requires for approval of the budget, a process was developed for addressing questions that arise. Council always has the ability to ask clarifying questions, but in the event that there is information required by Council in order to approve the budget, the requested information becomes a flagged item. Flagged items are voted on by Council and require a majority. Responses to flagged items will be presented on December 3, 2019 prior to the budget approval.

**Other Impacts**

**Policy:** n/a

**Legislative/Legal:** n/a

**Interdepartmental:** All departments may be called upon to provide information and responses to the flagged items.

**Master Plan/Framework:** n/a
