Private hydrants on multi-tenant residential NE

Private hydrants on multi-tenant residential NW

This is a detailed street map of the Nottingham area in North Carolina. The map shows a complex network of roads, including major thoroughfares like WYE RD (HWY 630) running horizontally across the bottom and RING RD 231 running vertically on the right. Numerous residential streets are shown in a grid-like pattern, with names such as GLENWOOD DR, GLENBROOK BLVD, and GLENVIEW DR. Water bodies are depicted in light blue, including Ball Lake and Nottingham South Lake. Several red crosses are placed on the map, indicating specific locations of interest, possibly schools or public facilities. The map also shows various landmarks and features, such as the Nottingham Harbour and the Nottingham South Lake. The overall layout is a typical suburban residential area with a mix of road types and green spaces.

This map illustrates the distribution of fire stations within a specific residential neighborhood. The streets are color-coded in light blue, and the fire stations are marked with red cross symbols. The map shows a dense network of streets, with major thoroughfares like Broadmoor Blvd and Highway 630 (Wye Rd) running through the area. The fire stations are located at various points throughout the neighborhood, ensuring coverage across the entire area.
