COVID-19 RECOVERY GOVERNANCE TASK FORCE

Task Force Workplan Discussion and Approval

Report Purpose

To seek Council approval on the COVID-19 Recovery Governance Task Force workplan.

Recommendation

THAT the COVID-19 Recovery Governance Task Force workplan, as set out in enclosure 1 of the July 14, 2020, Committee Report, be approved.

Report

At the April 21, 2020 meeting, Council directed Administration to prepare bylaws in order to establish task forces (council committees as defined in the MGA) with a mandate to support and guide the recovery process related to the Covid-19 pandemic. Council identified three focus areas for these task forces: governance, economic resilience, and citizen and community support.

At the Council Meeting on May 5, 2020, Council established these three task forces by giving each bylaw three readings. Since that time, the task forces have been working with their respective consultants to develop a workplan that identifies their specific focus areas and priorities. The task force bylaws require that the workplan be approved by Council.
