Dear Strathcona County Councillors,

First of all, thank you again for the basketball hoops at the back of the school. Our students enjoy playing basketball and it keeps our kids active and engaged in play with other students.

I would like to ask if you would be willing to support bike racks at the back of the school. This is a two-fold purpose. Firstly, I believe more community members would access the basketball hoops if they could keep a visual on their bikes. Currently, they have to lock their bikes at the front of the school and walk to the back. Secondly, if you came to the school in the spring or fall, you would see that all bike racks are full, and the students are locking their bikes to light and flag poles! Another set of bike racks would help keep our student's property safe and secure in a location that is meant to lock up bikes.

I appreciate your consideration of this proposal.

Kind regards,

Kaye Schindeler

## Budget for Bike Rack proposal from Davidson Creek Elementary:

Bike Racks and installation from Blue Imp (See attached):	\$1624.35
---	-----------

Concrete Installation from Tuff Construction (See attached):	\$3990.00
--	-----------

	-----
Total:	\$5614.35

Made in Canada
