**Our Prioritized Strategic Goals**

Goal 1 - Build strong communities to support the diverse needs of residents

Goal 2 - Manage, invest and plan for sustainable municipal infrastructure

Goal 7 - Provide opportunities for public engagement and communication

**Report**

CITP is a redevelopment area with existing zoning districts in place that enable development on various public and privately-owned lots. Several of the existing zoning districts within the area do not align with the proposed vision, principles, objectives and policies of the proposed Area Redevelopment Plan (ARP). Further, the existing zoning districts do not enable compliance with the aspirational density targets set by the Edmonton Metropolitan Region Growth plan, Strathcona County's Municipal Development Plan and the proposed CITP ARP.

In order to implement the policies of proposed CITP ARP Bylaw 1-2020, the zoning within the area is proposed to be updated to a special area zoning district specific to CITP. Minor corrections have been made to the CITP - Centre in the Park Zoning District since presentation to Priorities Committee on March 10, 2020.

**Legislative/Legal:** The *Municipal Government Act* provides that Council may, by bylaw, amend the Land Use Bylaw.

**Interdepartmental:** Multiple Strathcona County departments are involved in the CIP ARP update project through inter-departmental technical advisory.

**Communication Plan**

The CIP ARP Project included three phases of public engagement. The three phases of public engagement provided residents with a range of opportunities to provide project input. Zoning concepts and drafts associated with the ARP were presented at the third open house in October 2019. All three phases are documented under a consolidated engagement summary available online.
