**Report**

An Implementation Plan was developed for the Recreation and Culture Strategy to transition from a high level "road map" to an actionable plan. The plan details how the five key areas of focus will be incorporated to the planning and delivering of services to help achieve the overall strategy goal: "Relevant recreation and culture opportunities are available to all, making Strathcona County Canada's most liveable community". The plan includes ongoing, short, medium, and long-term priorities, including public investment recommendations. The plan also considers synergies with other County services, planning and operations.
