##### **Report**

Recreation and culture services are recognized as essential to the overall well-being of individuals and the community. The County recognizes these benefits and strives to be a leader in the delivery of recreation and culture opportunities. The strategy outlines how Strathcona County will identify, prioritize and best meet community needs through service delivery that works to more clearly define our community-driven approach to delivering recreation and culture opportunities in parks and open spaces.

Administration has met with the local disc golf association and regional partners. Potential sites include three parks that will have 2-3 baskets in each that have the capacity for future expansion. In addition, Strathcona Wilderness Centre is expanding operating hours to allow for evening disc golf and Emerald Hills Sports Pavilion will have increased programming for disc golf under Everybody Gets to Play initiatives.
