2021											
21-2021	Information	ANDERSON Dave	County's Group RRSP Provider	Please provide information on the procurement process for the company that provides the County's group RRSP and the frequency at which the services are sent out to tender.	Human Resources		Strathcona County has had a contract with Capital Estate Planning (CEP) since 1996 for the services of providing the County with a Group RRSP program. Canada Life is the provider used for this plan while CEP is the administrator of the plan. As part of normal operations, Strathcona County Administration may choose to put the Group RRSP out for tender at which time Strathcona County HR would work with Procurement to conduct an RFP. Human Resources is currently planning to market the group benefit plan, including the Group RRSP in 2022.	2021-06-29	2021-07-14	2021-07-13	Complete
22-2021	Information	SMITH Paul	Yellow Centre Lines on Rural Roads	Please provide the timeline for the application of yellow centre lines on rural roads where sightlines are dangerous.	Transportation and Agriculture Services		Existing yellow centre lines are repainted throughout rural road networks according to the annual re-painting program overseen by the Transportation and Agriculture Services department. Centre lines are painted and maintained on all Class I roads. Centre lines on Class II roads are considered and installed on both horizontal curves/corners and vertical curves/hills where minimum sightlines are not maintained based upon the Transportation Association of Canada Design Guidelines. Not all road have been assessed, therefore, Class II roads without centre line markings are assessed based upon requests. Should locations not meet the guideline sightline requirements, the location is added to the line marking list. This year, Range Road 220 between Highway 16 and Township Road 534 was assessed and did not meet the minimum sightlines due to vertical curves and is to have centre lines painted from now on. This work has been completed and is undergoing final inspection by Transportation and Agriculture Services staff. Should any section of a Class II road be of concern, please contact Transportation Planning and Engineering or direct residents to County Connect to request a site review.	2021-06-29	2021-07-14	2021-07-06	Complete
23-2021	Information	FRANK Rod	COVID-19 Costs Within County Facilities	Please provide information on whether the increased costs related to COVID protocols for facilities and loss of revenue associated with a decrease in facilities bookings have been absorbed by government grants.
