Brief description of request

We would like to add wind screens and a patio heater to our complex gazebo, so that our senior residents as well as senior neighbors from surrounding complexes, can stop for an outdoor visit, keep warm and still stay safe and follow Covid restrictions.

Re: Council Priority Fund Grant

Dear Councillors,

We are hoping to have Ward 2 sponsor our Gazebo "keep warm" project for our community.

We would like to add wind screens and a heater to our complex gazebo in order for our senior residents to be able to have an outdoor gathering spot and still follow the Covid restrictions, as we are not using our Clubhouse and not having any indoor gatherings at this time.

Our complex always has various displays on the lower island that many neighboring residents come to enjoy, as well as being able to stop by at the gazebo for a rest and a visit. This project would benefit our complex, as well as the other nearby communities.

We've priced out the screens at \$163 per screen X 5 screens plus GST for a total of \$855.75.

Also, the hanging patio heater cost would be \$249 plus GST for a cost of \$261.00.

Miscellaneous materials (grommets, screws, framing material, etc.) for a cost of \$100.

Our total project cost would be approximately \$1216.75.

Installation would be done by some of our residents in order to save on labour costs.

We are hoping to have this project completed this fall, to be able to utilize this gazebo, and keep warm.
Thank you for your support and for considering our project.

Kind Regards

Peggy Routhier
