Dec				
Total	9579	4741	4840	49%

For comparison the 2020 responses inside Strathcona County was 65%.

We do not have current data relative to what portion of our resident calls that SCES is responding to vs other services. This data is usually received annually. In 2021 we asked for a June 30 report. That report indicated we are responding to 70% of the calls from our residents and other services are responding to the balance.
