LAND ACKNOWLEDGMENT

Strathcona County acknowledges that we are located on Treaty Six Territory and the homeland of the Métis Nation of Alberta, Region Two and Four. Strathcona County honours the First Peoples of this land. We recognize that we stand upon land that carries the footsteps of Cree, Métis, and Blackfoot amongst many other Nations, who have been here for thousands of years. Therefore, Strathcona County has an inherent responsibility to foster healthier relationships with First Peoples and further the Calls to Action as outlined by the Truth and Reconciliation Commission.

MESSAGE FROM THE MAYOR

Strathcona County's 2023-2026 Strategic Plan sets our direction for the future. It guides our decisions for governance, infrastructure, community development and service delivery. The plan sets our priorities, what is important to us as a community and how to best serve our community. Most importantly, the strategic plan will make a difference in how we live, work and play by keeping our vision, goals, priorities and performance indicators top of mind.

Our strategic plan is the foundation for other key plans such as the corporate business plan, department plans, budget plans and master plans. It will act as a compass for new ideas and initiatives for Council's consideration and decision.

Council developed this plan by listening to you – the residents of Strathcona County, along with what is working well, and what could be improved. Council used this information to collaborate and create this strategic plan.

We couldn't have done it without you, and we look forward to working together and realizing our goals of Economic Prosperity, Healthy and Safe Community, Responsible Development, and Municipal Excellence on our path to becoming Canada's most livable community.

Rod Frank, Mayor

On behalf of Strathcona County Council

OUR VISION

BECOMING CANADA'S
MOST LIVABLE COMMUNITY

STRATHCONA COUNTY, located in the heart of Alberta, is an energetic and thriving community. A leader in North America's petroleum industry and a champion for advancing diverse agricultural business, we use our energy to power our new tomorrow.

We are a specialized municipality, and work cooperatively with our urban and rural residents to govern as a single municipality. Proud of our distinct governance model, we promote and demonstrate our achievements.

We are a welcoming place to live and attract people of all ages, cultures and walks of life to join us. Families thrive in our dynamic, caring and safe community.

We strive to be a model of ecological integrity, protecting our environment and preserving our agricultural heritage.

PURPOSE

In June 2021, the County started the process of developing a new and focused strategic plan. This work was needed to improve flexibility and responsiveness to emergent situations and plan for the future.

Identifying priorities and linkages to services delivered better enables the County to evaluate our activities using indicators.

The cycle of planning and prioritizing, action and measurement is a foundational principle used within the County to continue moving towards our vision of becoming Canada's most livable community.

COUNCIL STRATEGIC GOALS

Goals and priorities were created through an informed and collaborative approach. The organization was engaged to gather information and evaluate relevant documents, policies, strategies and frameworks. A PESTLE (Political, Economic, Social, Technological, Legal and Environmental) analysis was used to consider current and potential factors. During the COVID-19 pandemic, in-person public consultation was not possible.

However, to be fully representative, the public was invited to complete an online survey to share:

- How they thought the draft goals support the vision of becoming Canada's most livable community.
- How focusing on priorities between 2023-2026 would help the County support each goal.
- What else the County should consider to support each goal.

After considering the input from members of the public and County employees, Council created goals and priorities for the 2023-2026 Strategic Plan. A key consideration is that all goals are equally important in moving towards our vision and there are many dependencies between the priority areas. To champion an integrated approach, the goals depicted are consistent between all levels of planning such as the corporate business plan, departmental plan, and our financial plan, the budget.

ECONOMIC PROSPERITY

STRATHCONA COUNTY is a prosperous community that capitalizes on the strength of its industrial, agriculture and business sectors while advancing economic diversity and growth.

PRIORITIES

- Collaboration with industrial partners that promotes innovation and growth opportunities
- Development of emerging sectors that support innovation, economic diversification and tourism

THE WAY FORWARD

Strathcona County's 2023-2026 Strategic Plan sets our direction for the future and is the foundation for decision-making, budgeting, and underpins other key frameworks and master plans. The goals and priorities found in this plan better enable alignment to specific programs and initiatives outlined in our corporate business plan.

Clear linkages between how we plan and what we deliver to Strathcona County better informs our understanding of progress made towards becoming Canada's most livable community.

In the way forward to realizing our goals, this strategic plan inspires us to work together and share the story of our successes.
