

**Status of Report - process to communicate infrastructure improvements and Area Structure Plan changes****Report Purpose**

To request a time extension for a report that outlines the current process for, along with any possible improvements to, how we communicate infrastructure changes, changes to Areas Structure Plans (ASPs) and other land use changes.

**Recommendation**

THAT the process to communicate infrastructure improvements and area structure plan changes report be brought back to Council on the revised due date of the end of Q1 2023.

Original Due Date: Q4 2022

Revised Due Date: Q1 2023

**Council and Committee History**

September 27, 2022

THAT Administration provide a report, for Council's consideration by the end of Q4 2022, that outlines the current process for, along with any possible improvements to, how we communicate and share information with residents regarding infrastructure improvements, changes to ASPs and other land use changes to ensure that all affected residents are informed, not only those that have property adjacent to the improvements or the areas of land use change.

**Rationale**

Work is ongoing in preparing the information related to the request, but some additional time is needed to finalize the report.
