

*Presented to:*

**Priorities Committee Meeting - June 2023**

This robot was designed, built, coded from scratch by Grade 7/8 students and is operating in autonomous mode (on its own).

# Who we are ...

We are a Not-For-Profit organization created for the purpose of promotion and education of Science, Technology, Engineering and Math (STEM) concepts serving the technologically inspired youth in Strathcona County.

*Building our youth - preparing for a diverse, technology driven economy*

## Our program areas [↗](#)

Swimming programs

Adult / older adult wellness

Child, youth and teen programs

Visual arts programs

Performing arts programs

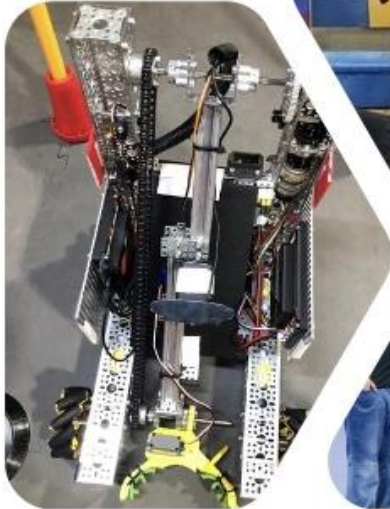

Preschool programs

Outdoor pursuits programs

Virtual programs

# Competition

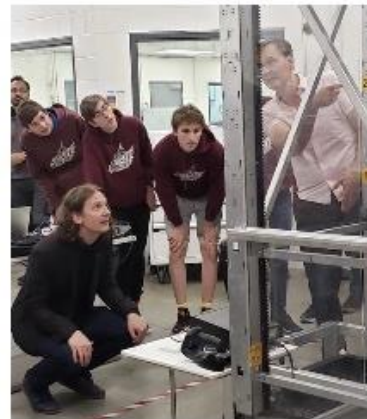

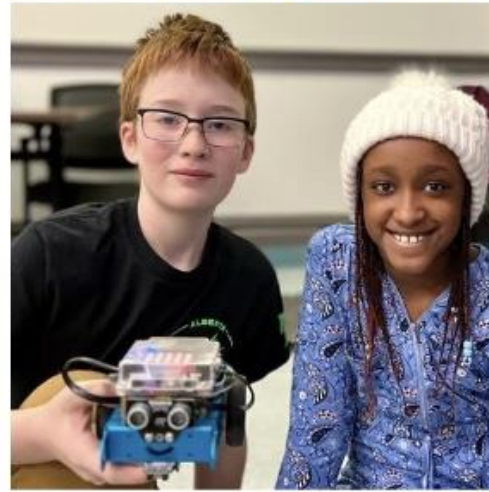

Representing Strathcona County, Alberta, and Canada on the world stage for 6 years!

2023: Best ever showing of a Canadian Team at the World Championships!

# More than robots ...

We give back to the community and share our love of STEM

We have outgrown our 400 Sq FT of donated space and cannot expand our programs to take on new students without a larger premises

## Our ask of Strathcona County

1,500 to 2,500 Sq FT of low cost (<\$4K/year) dedicated County owned space to lease.

OR

\$30,000/year grant on a 3-year commitment to assist with leasing commercial space in Sherwood Park.

Please support SCRA  
with a Notice of  
Motion to include our  
request in this year's  
upcoming budget cycle
