Brief description of request

This project is to construct a map/directory case in the new area of our beautiful cemetery. Our cemetery is growing with the addition of the columbarium that was installed in spring 2023. With the increased need we are planning to provide a directory for visitors and family. This is similar to the already existing map case/directory in the original area of the cemetery.

On behalf of Josephburg Community Church, we are requesting that the Office of Elected Officials look at our need for constructing a map/directory case in the new area of our beautiful Josephburg Community Church Cemetery. The cemetery is growing with the addition of our columbarium that was installed in the spring of 2023. With increased interest and need for burial plots and columbarium niches in this area of our cemetery, we are planning on providing a directory for family and visitors. This map case will be similar in structure to the already existing map case/directory located in the original area of the cemetery.

If the Elected Officials have any questions at all or require further information, please have them contact me. Thank you for taking the time to consider Josephburg Community Church Cemetery for funding.

Kind Regards,

Stan Thomas
