2023											
4-2023	Information	HARVEY Lorne	Seedling Planting Locations	Please provide a list of County Locations where volunteer organizations can plant seedlings.	Recreation, Parks and Culture		Currently, there are no locations available for residents/volunteers to plant vegetation on public lands without contacting Strathcona County first. This is done so we can ensure the plant is non-invasive species, the planting is not occurring on utility corridors or underneath power lines, there is sufficient space for the full growth of the plant and that it won't interfere with other park users, residents, mowing, park access and drainage. The planting must also be of a nature that if the applicant stops maintaining the vegetation, Recreation, Parks and Culture is willing to take over the maintenance and include it in our inventory. Community groups or individuals wishing to plant on public lands can send in a request for permission through County Connect https://www.strathcona.ca/countyconnect/service/cc-inq-tpw-planting-on-public-land/	6/6/2023	6/20/2023	6/14/2023	Complete
